How the PAFSO Group Insurance Program meets your needs

How the PAFSO Group Insurance Program works

INTRODUCTION

The Professional Association of Foreign Service Officers (PAFSO) has designed a voluntary Group Insurance Program that provides quality protection, tailored to your individual needs as a **Foreign Service Officer**. Your insurance benefits under the PAFSO Group Insurance Program are underwritten by The Canada Life Assurance Company (Canada Life) (policy numbers 33272, 43356, and 178924) and administered through the PAFSO office.

Members are responsible for paying the premiums for any coverage for which they enrol. Basic Term Life Insurance and Dependent Life Insurance are provided on a net cost basis; the cost of the plans is the cost of the group's own claims experience, plus administrative expenses. This means that when the claims experience is lower than expected and results in a surplus, participating members benefit from the surplus. The Executive Committee of PAFSO determines how any surplus will be used, and may choose to use it for such things as stabilizing premium rates, granting a premium rebate or offering additional benefits.

Please note that the rates are reviewed annually and are subject to change. See the [Rate sheet](#) for the current rates.

This booklet provides you with the details of the PAFSO Group Insurance Program. The Glossary provides a brief explanation of the important terms (shown in **bold**) used throughout this booklet.

All enquiries concerning the Group Insurance Program should be addressed to PAFSO. See the [Contact PAFSO](#) section for the details.

Role of PAFSO

PAFSO is the Group Insurance Program administrator and provides you with information on the Program and the costs. However, only you can decide if you should participate in the Program and what coverage level is right for you. You may wish to consult a financial advisor for advice on the level and type of coverage you need.

How the PAFSO Group Insurance Program meets your needs

As a **Foreign Service Officer**, you have different insurance needs:

- if you are posted abroad, you may need additional insurance protection; and
- you may want protection in case you experience an accident or loss in a war zone – an enhancement that is not typically available through regular insurance plans.

The PAFSO Group Insurance Program is tailored to your needs as a **Foreign Service Officer**. PAFSO understands that having the right protection is important and works hard to negotiate the right benefits at a competitive price to meet your particular needs. And, when you have the right insurance protection in place, you gain peace of mind.

PROGRAM OVERVIEW

Eligibility

Who is eligible

All **Foreign Service Officers** who pay dues to PAFSO (PAFSO dues are tax deductible, with tax receipts being issued every February).

You must have Basic Term Life Insurance of at least \$50,000 in order to have coverage under any of the other benefits in the Program.

Your **spouse** and **children** are eligible for coverage provided they meet the definition of **dependent**.

If you apply for life insurance coverage for your **spouse**, your **spouse** as declared on the application form is the only **spouse** that is eligible for coverage. If your marital situation later changes, you must notify PAFSO and reapply for coverage for your new **spouse**, if applicable. Benefits in the event of the death of your new **spouse** will not be payable unless you have applied for coverage for that **spouse**. [Contact PAFSO](#) for more information.

When you can join

You can apply to join the Program at any time before you retire or leave the Foreign Service group.

If you apply within 60 days of joining PAFSO as a new recruit in the Foreign Service group, you are eligible for Basic Term Life Insurance of up to \$150,000 and Dependent Term Life Insurance of up to \$100,000 for your **spouse** and \$5,000 for each **child**, without having to provide **evidence of insurability**.

Cancelling your coverage

While the PAFSO Group Insurance Program remains in force and you or your **spouse** are under age 65 if your life insurance coverage or that of your **spouse** terminates or is reduced, you may convert the amount of insurance in effect for you and your **spouse** up to \$200,000 (up to \$400,000 for Quebec residents, including children) each to an individual policy, without **evidence of insurability**. For more information, see the [Conversion](#) section.

Designating or changing a beneficiary

When you first enrol in the Program, you will be required to designate your beneficiary on the application form for Basic Term, AD&D and Optional Term coverage. You may designate anyone you wish as your beneficiary – an individual or a group. You may later change your designation at any time, subject to any applicable legislation, by completing the appropriate form available online through the [Forms tab](#) in this booklet or by contacting the PAFSO office. **(PAFSO requires an original signed document.)** Designating a beneficiary – and keeping the designation up to date – ensures that your insurance payment goes to your intended beneficiary without delay.

If you do not designate a beneficiary (or your beneficiary has died before you), benefits in the event of your death will be paid to your estate.

If your designated beneficiary is a minor or is otherwise incapable of giving a valid release, the benefit will be paid to his or her legal guardian, or tutor, subject to any applicable legislation. You may wish to ensure that you appoint a trustee to handle your **children's** affairs in the event of your death.

You are the beneficiary of any insurance payments for your **spouse** or **children** and any payments from the AD&D plan for a covered loss (other than loss of life).

If you are converting because of a reduction in coverage (i.e. at age 65 or retiring before age 65), you may only convert a maximum of \$200,000 (\$400,000 for Quebec residents) less the amount of coverage still in effect under the PAFSO plan and less the amount of any group term life insurance for which you become eligible within the 31 day conversion period.

See the example below for an illustration of how conversion can work.

Example

You have \$400,000 of Basic Term Life Insurance and \$100,000 of Optional Term Life Insurance.

You live outside Quebec and retire at age 60, which means your coverage reduces to \$50,000 under Basic Term Life and \$50,000 under Optional Term Life, for a combined total of \$100,000.

	CURRENT COVERAGE	REDUCED COVERAGE AT RETIREMENT – AGE 60	ELIGIBLE FOR CONVERSION TO AN INDIVIDUAL POLICY
Basic Term Life	\$400,000	\$50,000	Up to \$100,000,
Optional Term Life	\$100,000	\$50,000	OR Up to \$50,000
Total	\$500,000	\$100,000	\$100,000
	Combined total	Up to \$200,000	

You are eligible to convert up to \$100,000 of your coverage to an individual policy (i.e. the \$200,000 maximum less your reduced coverage amount) less the amount of any group term life insurance for which you become eligible within the 31 day conversion period.

If the covered person dies during those 31 days, the coverage that could have been converted is paid to the designated beneficiary, even if you didn't apply for conversion.

The conversion privilege could be advantageous for you or your **spouse** if either of you has health problems that would make it difficult to obtain individual insurance at reasonable rates. If you or your **spouse** do not suffer from health problems, you may benefit from shopping around for the best individual policy and rates.

Important note: The individual policy you can purchase at conversion may not include coverage in a war zone and may have other restrictions. [Contact PAFSO](#) if you are interested in converting.

Payment options

Active PAFSO members

If you are a **Bargaining Unit member** who is an active member of PAFSO, your PAFSO dues are paid through the employer and your premium payments are taken via monthly pre-authorized debit. [Contact PAFSO](#) for a form.

Associate members or Affiliate members

If you are an **Associate member or Affiliate member**, your premium payments are taken via monthly pre-authorized debit. Your PAFSO dues are paid via pre-authorized debit on an annual basis. [Contact PAFSO](#) for a form.

Important note: missed insurance premium payments for 2 months will result in the automatic cancellation of your coverage.

Cancelling your coverage

If you wish to cancel your coverage, you must notify the PAFSO office by providing a written and signed request to cancel the coverage. Omitting payment of your PAFSO dues or insurance premiums is not an acceptable notice of cancellation of coverage. Please note that cancellation requests can be sent via email, and that coverage cannot be cancelled retroactive.

Coverage and premiums will cease on the first of the month following PAFSO's receipt of your cancellation letter. Please allow up to 10 days for processing.

No conversion option is available related to cancellation of coverage.

Additional benefits under the plan

Repatriation benefit

If you die within 365 days as a result of an accident that occurred at least 150 kilometres from the person's place of residence, the plan will pay the actual cost of preparing the body for burial or cremation and transportation of the remains to the place of burial, to a maximum of \$5,000.

Education benefit

For dependent children:

If you die as a result of an accident, your **children** may be eligible to receive an education benefit for each year of eligible schooling of 5% of your AD&D coverage amount or \$5,000, whichever is less.

To be eligible for this benefit, your eligible **child** must have been enrolled as a full-time student (15 hours a week or more) in an accredited post-secondary institution or as a full-time student at a secondary school at the time of the accident that caused your death and subsequently enrol as a full-time student in an accredited post-secondary institution within 365 days of the date of the accident.

This benefit will be paid each year for up to four consecutive years, as long as your **child** furnishes proof of full-time enrolment in a post-secondary institution to the insurer.

At the time of death, if you have no **children** eligible for the education benefit, the insurer will pay an additional \$2,500 to your designated beneficiary.

No benefits will be paid for tuition expenses incurred before the accident; or for room or board or other ordinary travelling or clothing expenses.

How do I determine how much insurance I need?

Only you can decide how much and what kind of insurance coverage you should have. You may wish to consult a financial advisor for advice on the level and type of coverage you need. Here are some questions you might ask yourself before making a decision.

For you

- How much income do you and your family live on and what percentage of this family income do you contribute?
- Do you have coverage when you are in a war zone? (PAFSO's Group Insurance Program provides both life and accident coverage in war risk zones. Unlike most AD&D Insurance programs, PAFSO's program covers you when you experience a loss in a war zone, provided you are not actively participating in a war, insurrection or riot).
- What regular expenses/debts do you have?
- Does anyone besides your immediate family depend on you for financial support?
- Would someone else be able to care for your dependents financially if you died? If not, how much money would be needed to ensure their continued support?
- Would it be difficult to purchase personal life insurance because of a medical condition? (PAFSO's Basic Life Insurance is available without **evidence of insurability**, provided you apply within 60 days of joining PAFSO as a new Foreign Service Officer.

For your spouse

- If your **spouse** works, do you and your family rely on your **spouse's** income?
- Does your **spouse** have life insurance at work?
- Would it be difficult for your **spouse** to purchase personal life insurance because of a medical condition? (PAFSO's Dependent Life Insurance is available without **evidence of insurability**, provided you apply within 60 days of joining PAFSO as a new Foreign Service Officer.
- Would you be able to pay for funeral expenses if your **spouse** were to die?
- If your **spouse** does not work, do they currently take care of your children, if any? If so, would you have to pay for childcare should your **spouse** die?
